Daniel W. Howell
Primary Examiner
Art Unit 3722

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The specific limitations of "a plate having an aperture adapted to receive a portion of a vehicle axle, a plurality of lugs adjustably secured to said plate and adapted for attachment to a feature of such vehicle axle; an adjustment assembly having a first end face disposed adjacent said plate, a second end, and a plurality of opposed pairs of adjustment devices adjacent said second end having axes normal to one another; spacer means disposed between said plate and said end of said adjustment assembly, a bearing assembly..." in combination with the remaining claim limitations are not anticipated or made obvious over the prior art of record in the examiner's opinion.

For example 4,571,795 to Shiets discloses a plate having an aperture therein (82), an adjustment assembly (56 and 50), a boring bar drive assembly (26,36,38,40). Shiets does not however disclose the plate having a plurality of adjustable lugs, an adjustment assembly having a first face disposed adjacent the plate and spacer means there between.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jamila O. Williams whose telephone number is 571-272-4431. The examiner can normally be reached on Mon-Fri 6:30am-3:00pm.
